## YOUNG BUSINESS MAN PASSES AWAY THIS MORNING

Mr. Clarence Chamblin Succumbs to Intestinal Disorder at Riverside Hospital.

Sterling Character and Commercial Gifts

MARKED HIS SHORT CAREER

One of Paducah's best known young business men passed away this morning when Mr. Clarence Chamblin died at Riverside hospital at 1 o'clock after a short illness from locked bowels. While his death was not unexpected, the family was encouraged over his rally yesterday and a slight hope was held for his recovery, but last night he began sinking until death claimed him.

Mr. Chamblin was not confined to his bed until Monday afternoon, and Tuesday at noon he was taken to Riverside hospital for an operation. In January he was on a visit to his uncle, Mr. Newton H. Chamblin, of Kansas City, where he took a severe cold that settled in his abdomen. From Kansas City he went to Moberly, Mo., his old home, only returning to Paducah about two weeks ago, accompanied by his wife and niece, little Miss Allie Jeannette Sandison, of Moberly. Mr. Chamblin suffered from the cold, but was out as late as Sunday afternoon.

Mr. Chamblin was born July 19, 1881, and was the only son of Alderman and Mrs. C. H. Chamblin, 1429 South Tenth street. He came to Paducah with his parents in 1893, and the rest of his life was spent in this city. December 21, 1903, he was married to Miss Myrtle Jeffries, of Moberly, Mo., at Paris, Mo. Mr. Chamblin was superintendent of the contracting work of his father, but for the past several years had been superintendent of construction for Mr. George Welkel, the contractor, and had charge of the construction of several large buildings recently erected at Clarksville, Tenn., a position of unusual responsibility for so young a man.

Mr. Chamblin leaves his young wife, father and mother, Alderman and Mrs. C. H. Chamblin, and one sister, Mrs. Olive Hamilton, of Moberly, Mo. He was a member of the Broadway Methodist church and a young man of fine and attractive personality, standing always for the best things. He was known in business circles as an absolutely reliable young man, and had the qualifications to make a contractor of note. Quiet and dignified but always cordial and agreeable he had the liking as well as the esteem of all who knew him and had a large circle of personal friends.

Mr. Chamblin's body will be taken to his old home, Moberly, Mo., this evening at 6:15 o'clock and the funeral and burial will be held tomorrow afternoon, the Rev. Robert Campbell officiating.

The body of Mr. Chamblin was carried to the Broadway Methodist church this afternoon about 2 o'clock where it will remain until train time. A short prayer service will be held at the church at 5 o'clock for the family and friends. The Rev. G. T. Sullivan, the pastor, will officiate.

George Newley.

Mr. George Newley, 30 years old, died at his home in New Liberty, Ill., last night about 12 o'clock of typhoid fever. The funeral was held this afternoon at 2 o'clock and burial at Hamletsburg.

Mrs. John Benson.

Mrs. John Benson, 60 years old, died this morning at noon at her home 722 South Fifth street, of heart disease after an illness of a year's duration. The funeral will take place tomorrow afternoon at the home, and the burial will be in Oak Grove cemetery, the Rev. H. B. Terry, pastor of the Third Street Methodist church, officiating. Mrs. Benson is survived by her husband, Mr. John Benson, and two daughters, Mrs. Ben Calton, and Miss Ruth Benson.

Infant Dies.

The infant of Mr. and Mrs. W. E. Quark, of Little's addition, died about 9 o'clock this morning of brain fever. The funeral was held at Maxon Mills this afternoon.

PATRIOTIC FARMERS.

Kendallville, Ind., Feb. 20.—The American car in the New York-to-Paris auto race arrived shortly after daylight, after being snow-bound the greater part of the night east of the city. The French car arrived shortly after. Farmers along the route turned out at night to shovel snow from the path of the American car, but refused aid to the foreign drivers, who used the path cut for the American.

## DEEP WATERWAYS TALK TONIGHT AT COMMERCIAL CLUB

Tonight a meeting of citizens will be held at the Commercial club, Sixth street and Broadway, at 8:30 o'clock, to set before the people the possibility of deep waterways. Mr. N. M. Hunk, of St. Louis, is in the city and will deliver the address of the evening on "The Mouth of the Tennessee River the Head of Winter Navigation of the Lakes-to-the Gulf Deep-water Ways, and Why?" In this address Mr. Hunk will present to the people great possibilities of Paducah, and all of his statements will be backed by the rugged truth.

Previous to the meeting the directors of the Commercial club will hold a private session at 7:30 o'clock, but the meeting is a citizens' affair and not a club project. It is free, and is a meeting for the improvement of the city. Accommodations for a large audience will be provided. Mr. Hunk is a clear speaker, and will present his facts to the citizens in a way that will not be tiresome.

## GATLING GUN IS INSTALLED AT MINE

One of the latest type of Gatling guns manufactured has been placed on a house near the mines at Wheatcroft by the West Kentucky coal company. The gun is placed in such a position that it has command of a large territory and can throw shots a great distance. The coal company ordered the gun sent to its mines at Wheatcroft as a precautionary measure to protect its property if protection is needed.

In addition to the gun, the coal company has installed a large searchlight near the gun. The mine will extend to the Baker mine, and with the Gatling gun the company feels that it is able to meet any attempt that may be made to destroy, injure or molest its property in that vicinity.

Speaker Gooch Sets March 7 as Date for Special Election in Mason County — Deadlock Holds.

Louisville, Feb. 20. (Special.)—The Kentucky Anti-Saloon league gave out the answers of Beckham and Bradley on the unit bills. Governor Beckham said: "So great is the interest that I am willing to drop out of the race for senator if the Republicans will agree to pass the county unit and submit to the people next fall a constitutional amendment for prohibition."

Bradley said he was for the county unit, but did not believe in allowing the bill to be made a cat's paw for politicians. He further called attention to the alleged use of the bill by Mr. Beckham's supporters not only as a tactical weapon in the senatorial race, but also to block other legislative reforms to which the Republicans are committed by their platform and which they consider of equal importance to the county unit bill.

In its statement the league says: "Neither side thus far has made any systematic effort to get a vote on the bill while the senatorial deadlock remains unsettled."

Mason County Election.

Frankfort, Ky., Feb. 20. (Special.)—Speaker Gooch was forced to select another day for the election of McKnight's successor and fixed March 7th instead of February 29th, as at first.

## MORE SOLDIERS SENT TO WESTERN KENTUCKY TODAY

Louisville, Ky., Feb. 20. (Special.)—Twenty-five militiamen were sent to western Kentucky under secret orders. The destination is unknown.

Governor Willson refuses to say where the men are going or what the plans of the department are; but it is believed a system of secret patrol, corresponding a measure to the mounted constabulary of the mining regions of western Pennsylvania, is to be established by the military department. Captain Hughes, the regular army man, is in full charge. It is believed, also, that the Tennessee and Cumberland rivers are to be guarded to prevent the night riders crossing into the western district.

The first meeting of the creditors of Thompson, Wilson & company and L. S. Robertson will be held in Referee Bagby's office March 2.

## BANKS NEED NOT PUT INCORPORATED IN THEIR TITLES

The action of Judge Reed in imposing a fine of \$100 against the Mechanics & Farmers Savings bank for failing to have the word "Incorporated" appear under its advertising sign, has been reversed by the court of appeals, which holds that banks, trust companies insurance and building and loan associations are not required to have the word on their advertising matter, these companies necessarily being corporations. The decision sets a precedent for the entire state as the statute in regard to the matter was ambiguous and has been construed to include all corporate companies.

Nearly every bank doing business in the city was fined at the last term of criminal court for failing to display the word on their signs, and one institution, the Globe Bank and Trust company, paid the fine rather than go to the expense of appealing the case. The decision of the appellate court will cause all the indictments to be dismissed now. Attorneys Bradshaw & Bradshaw represented the bank before the court.

## Control of Illinois Central Railroad Passes Absolutely Into Hands of Harriman Interests by Decision.

Long Drawn Out Controversy Ends in Ousting Stayvesant Fish From Power in Company.

Chicago, Feb. 20.—Judge Ball, of the superior court, today decided in favor of the Harriman interests, the Union Pacific railroad and the Railroad Securities company, in Harriman's controversy with Stayvesant Fish over control of the Illinois Central railway. Ball sustained the right of the Securities company, a foreign corporation, to own and vote stock in the Illinois Central, an Illinois corporation, and thereby clinched Harriman's control of the road.

Had the decision been against Harriman the rule laid down would have involved a large percentage of Illinois corporations. The temporary injunction granted Fish to prevent Harriman from voting contested stock in the election of officers was dissolved. The election has been postponed to await the court's ruling. Harriman's victory is complete. By this decision Fish will be ousted from power, for it is conceded Harriman controls enough votes to give him power.

Decline to Discuss It.

New York, Feb. 20.—Harriman and Fish refused to make statements regarding Ball's decision until they read the decision. Harriman said regarding the interstate commerce commission's investigation of the proposed wage reductions: "Anything that continues to stir up strife and animosity is certain to be harmful. What we want now is to get men back to work. It is a question between employer and employee. We can't do anything until we get a chance to do some permanent fining."

Are Deanner's Samples.

Lincoln, Neb., Feb. 20.—The Rock Island west-bound Continental Limited Express was still stalled in the snow drift near Prairie Home, twelve miles from Lincoln.

The local passenger which left Beatrice at 7 o'clock ran into a snow drift three miles from town and remained there during the night. The passengers went hungry except for what they could get from the sample cases of wholesale grocery house representatives.

## MURRAY WAREHOUSEMAN CLOSES HIS DOORS UPON NOTE FROM NIGHT RIDERS

W. L. Whitnel, Formerly As sociation Worker, But Now Independent Buyer is Warned to Desist.

Murray, Ky., Feb. 20. (Special.)—W. L. Whitnel, an independent tobacco prizer, has closed his prizing house as requested by a note signed "night riders." In which he was informed that he would be summarily dealt with if he continued to buy tobacco this season, it being reported that he had bought crops pledged to the association.

Mr. Whitnel, who is a prominent farmer and tobaccoist, was formerly organizer for the association in Callaway county, being made chairman of the county at the first meeting held to organize the association by John M. Allen and others. Mr. Whitnel was also prizer for the entire county, but a controversy arose between him and some of the members of the association in regard to letting other prizing contracts, Mr. Whitnel being charged with trying to control all the contracts. Consequently this year he quit the association and bought tobacco independently. A great deal of ill feeling came out of the matter, and knowing that he had bitter enemies in the county, Mr. Whitnel complied with the request to close.

Mr. Whitnel is one of the best known tobacco men in this section. He is a large stockholder in the Western District Warehouse company, at Paducah.

Warned to Dismiss the Cook.

Frankfort, Ky., Feb. 20.—That the "night riders" in western Kentucky inflicting punishment only on those alleged violators of pledges to pool their crops, or who sold the crops already have deviated from their first rule of pledged, and are invading the sanctity of the home and venting their displeasure on all who are not acting in accord with the will of the few, has been amply demonstrated in a letter received today by Representative John

## COMMISSION WILL SEEK REASON WHY CUT IS DEMANDED

Whether Railroads, Legislation or Natural Causes is Responsible.

Impeachment of Judge at Shanghai Instituted;

L. R. WILFREY, OF MISSOURI

Washington, Feb. 20.—Chalmers Knapp, of the interstate commerce commission, today started an investigation of certain railroads proposed wage reductions. Every effort will be made to discover whether the proposed reductions are due to natural causes, "unfriendly legislation" or misconduct in past financial or other operations of any railroad. The commission already has much evidence.

Impeach Shanghai Judge.

Washington, Feb. 20.—Representative Waldo, of New York, announced in the house that he desired to have Judge L. R. Wilfrey, of the United States court at Shanghai, a Missouri man, impeached for malpractice and corrupt conduct in office. He filed articles of impeachment.

Washington, Feb. 20.—The president expects to transmit a message next Wednesday, accompanying the report of the inland waterways commission, which will contain a general resume of the report of the commission and also a sweeping and unqualified endorsement of the project for the creation of a deep waterway from the lakes to the gulf. It is understood that immediately after the submission of the message and report to congress a bill will be introduced with the approval and backing of the administration providing for the creation of a permanent inland improvement commission of eleven members, who will get an annual salary of \$10,000.

## STOESSEL GUILTY

Earthquake at Vienna.

Vienna, Feb. 20.—An earthquake shock lasting two seconds occurred here at 10:16 last night. No damage is reported, but so strong was the shock that the recording pencils at the seismograph station were displaced. The Laidach station recorded earth shocks lasting four minutes.

## KEEP HARRY SAFE

New York, Feb. 20.—According to "high authority," Harry Thaw will never be entirely free if his family's wishes prevail. He will be removed from Matteawan to a private sanitarium, but no move is contemplated, which will set him free. Mrs. William Thaw is declared to believe that Harry at least is irresponsible. Evelyn, it is asserted, also is opposed to her husband's release. From the same source come denials of the divorce proceedings.

## MAYOR SMITH WAS INCOG AND NONE RECOGNIZED HIM

Mayor James P. Smith and Mr. Gus Thompson returned this morning from their eastern trip, which included visits to Cincinnati, Buffalo, Niagara, New York, Philadelphia and Washington. Mayor Smith carried letters of introduction to prominent people at Washington and other points, but didn't use them. "When we got started," he said, "we found it so pleasant just to follow our bent, without assuming the strain of meeting strangers, that we remained 'incog' all the time, and I think the populace in none of the cities were aware who were in their midst."

Mr. Thompson's motives, in going, however, were not so simple, and it is believed he decoyed the mayor off in a deep political scheme, because when the mayor returned this morning he announced the appointment of Mr. Thompson as city pound keeper.

## GILBERT-GRIFFITH CASE

In making the order removing Mr. E. Gilbert as administrator of the estate of W. Y. Griffith, County Judge Lightfoot yesterday appointed Dr. H. Griffith administrator of the estate, Dr. Griffith accepting, and qualified for the place. Gilbert is ordered to turn over the estate to his successor on or before February 25. The official reasons given for the removal of Gilbert are that he is insolvent and also incapable of properly managing the estate. Gilbert will appeal from the decision and carry the matter into the circuit court.

WASHINGTON'S BIRTHDAY OBSERVED AT SHOPS.

Washington's birthday is always observed as a holiday at the railroad shops, so the customary order closing some of the departments will not be necessary Saturday. The men have had so many holidays recently that no elaborate plans for the day have been made.

## MURRAY WAREHOUSEMAN CLOSES HIS DOORS UPON NOTE FROM NIGHT RIDERS

Feland, of Hopkinsville, from one of his constituents of the "night riders" county of Christian. This letter, which is brief and to the point, is as follows: "Dear John: The ends of peace and justice have finally been reached. I have had notice served on me by the 'night riders' to get rid of my cook."

He said today that while he sympathized deeply with his friend, he saw no course open for him to pursue which would allow the friend to retain the services of the cook in question.

In the speech made by Representative Feland on the opening day of the present session, nominating William O. Bradley for the United States senate, he referred to his home town as being the "night ridden" and "shot-ridden" city of Hopkinsville, and he is of the opinion that during the past few weeks the city has sustained the reputation gained by the first and original raid of the "night riders," as Christians county, of which Hopkinsville is the county seat, has been the scene of several visits by the raiders during the past two or three weeks.

## JOINT CANVASS OF TENNESSEE IN GOVERNOR'S RACE

Nashville, Tenn., Feb. 20.—Gov. M. R. Patterson and former Senator E. W. Carmack will jointly canvass the state for the gubernatorial nomination. This fact has been assured by the public utterances of both aspirants. In his announcement for the re-election, subject to the action of the Democratic party, made last night, Gov. Patterson asserts that he will not be ready to begin his campaign until about April.

## RHEUMATISM CAN NOT BE RUBBED AWAY

"Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectively as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. ## PENNYPACKER ON WITNESS STAND

Former Governor Defends Graft-Ridden Capitol.

Care Taken to Guard Commonwealth—Did Not Know Architect Had Been Paid Excess.

WAS A GREAT ACHIEVEMENT.

Harrisburg, Pa., Feb. 20.—Former Governor Pennypacker was an important witness at the state capitol conspiracy trial. Mr. Pennypacker was ex-officio president of the board of grounds and buildings during the equipment of the capitol. His colleagues were former Auditor General Snyder and former State Treasurer Mathews. Its executive officer was former Superintendent Shumaker. The former governor was called as a witness for these three.

Mr. Pennypacker told of the selection of Joseph H. Huston by the board to prepare plans and specifications for the capitol furnishings and of the awarding of the contract to Sanderson. He said extraordinary precautions had been taken to safeguard the commonwealth in the payment of bills by requesting the architect and the superintendent of the grounds and buildings to certify them and the contractor to make oath to their correctness.

The former governor admitted under cross-examination that he did not know that \$1,000,000 had been paid by Snyder and Mathews to Sanderson without the approval of the board nor that on January 16, 1907, the date of the adoption of the resolution by the board, requiring the architect's certificate on bills, that \$2,000,000 had been paid to Sanderson in excess of Huston's estimate on the cost of furnishings.

Mr. Pennypacker said he had no reason for thinking that Huston did not do as fully as he could the work he was called upon to do.

"If you are asking me for a judgment," he said, "I think it is a great achievement."

Asked how long his reliance upon architect continued, the answer was: "It continues down to the present time, unless I am shown reason to the contrary."

"The Man of the Hour." Managers of the Kentucky theater are hopeful of securing an attraction early in the spring that has been the season's dramatic sensation, "The Man of the Hour." This production is under the management of Henry B. Harris, who is booking the tour of Wilton Lackaye, in "The Bandman."

## GROVER LAND

WILL BE MAIN BACKSTOP FOR TOLEDO TEAM.

Paducah Hoy Played Gilt-Edged Ball Last Season in the Association.

From the "dope" that is going the rounds of the American association, Grover Land, who starred as backstop for Paducah in the Kitty league three years ago, will be the main catcher for the Toledo team this season. Last year his work was glorified. The Courier-Journal has the following: "The purchase of Howard Wakefield by Toledo has a significance which may work out to find Fred Abbott, the regular backstop, guardian of first base. Abbott played the base some last year, and likes the position. It is possible that Wakefield was secured to help out Land behind the bat."

## FRANCESCA DI RIMINI.

A Moving Picture Decidedly Out of the Ordinary at The Kentucky.

A moving picture decidedly out of the ordinary is that of "Francesca Di Rimini," which will be produced at the Kentucky theater on Saturday, February 22, afternoon and night. This film is extraordinary because it is a big human life tragedy, beautifully staged and acted.

Comedy and melo-dramatic subjects are no new thing to the moving picture world, but a subject of the character of this Italian drama made famous by Ditz Skinner in a new venture into this new popular field of entertainment.

"Francesca Di Rimini" tells the story of the engagement and marriage of Francesca to Lancelotto, a prince of another kingdom, and her love for his more handsome brother, Paolo. Paolo, the court jester, learns of this secret love, and hoping to win favor with his master, runs to him with the sensational tale.

Lancelotto in rage and terror led the story spread, stabs the jester to death and madly rushing home plunges the same dagger into the breast of his wife and his brother, and then with a Rendish glee ends his own miserable life in the same manner.

Moving pictures and illustrated songs will be the entertainment every afternoon and evening of next week except Thursday, when the attraction will be "The Lion and the Mouse."

From Turin to Platform. Carrying a suit case filled with medals and diplomas all of which testify to his experience as a cook in South Africa, Canada, England, and other parts of the world, Henry Jackson, a negro eighty-five years old, has arrived in New York from Conack, Alaska. He is preparing to exchange the soup tureen for the lecture platform.

In his possession are medals certifying to his powers as a maker of chowder and turtle soup. His collection of medals, diplomas and letters show he was a cook on one of the steamships operated on the Hudson River by James Fisk. Jackson cooked for Lord Minto at Roseland, N. C., and got a diploma. The New York Tribune, in 1889, gave him a medal which declared him to be "the best turtle soup maker in the United States."—New York Herald.

## UNITED STATES DOESN'T WANT WAR

Not Going About With Chip on Our Shoulder.

Taft in Lowell, Mass., Makes Address Denoting With Relations Between United States and Japan.

HE LEAVES FOR WASHINGTON.

Lowell, Mass., Feb. 20.—Secretary Taft finished a two days' visit to New Hampshire and Massachusetts last evening and left Lowell at 6:45 for Boston, where he boarded the Federal Express at 8 o'clock for Washington.

The secretary delivered two addresses. The first in Nashua was devoted to the work of the government in the Philippines and the progress being made on the Panama canal. The second was to the members of the Lowell board of trade.

He spoke about twenty-five minutes here, and in the course of his remarks he referred to the relations between Japan and the United States. He said that in his opinion there was no possibility of war with Japan. His recent visit to the Orient, he said, convinced him that war talk was idle.

"What under Heaven do we want to fight Japan for?" he asked.

"Should we go to war with Japan I look to the future with alarm, because we would find it necessary to spend a vast amount of capital and become a warlike nation. And such conditions would be bad for any country. Reports of war with Japan should be stamped on at every opportunity and that is what I am trying to do."

Taft also declared: "We are not going about the world with a chip on our shoulder. We are not hunting war. That is the last thing this country wants."

### "Miss Bob White."

Our old friend, Miss Bob White, in new dress and scenic equipment in "The Kentucky" offering tonight, when Nixon & Zimmerman decided to revive this comedy after they set about securing as many of the old cast as possible. Frank Huston was the first to be signed, and will appear in his old part of "Billie Van Miller." J. Lee McClure was also induced to play his former role of "Artie Tre Billion," so we are certain that the comedy end of the opera will be taken care of. As to singers, Miss Lora Searesdale will appear in the title role, and as "Chore Livingston" she is sure to make a profound impression. Other members of the old organization are Matt Hensley, Wm. Laverty, J. J. Johnson, Walter Roberts, Lillian Burnett, Zillah Harris and Combe Mac.

Pride have widely different notions as to what constitutes a "good time."

## ASTONISHING RESULTS

Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbore's Herpicide. Its success has been so far reported. It is also a delightful hair dressing free from all sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Two sizes, 50c and \$1. Send two in stamps for sample to The Herpicide Co., Detroit, Mich. W. B. McPherson, Special Agent.

## How A Woman Suffers

**Body and Mental Death Await the Suffering Woman. Do Not Delay. Send the Coupon Today.**

I will never forget the agony of the day when I first realized I had female trouble. I had pains in my head, back and lower abdomen, bearing down feelings, coming sensations up the spine, hot flashes, weakness and all the other symptoms of many women later, for a long time before I would admit even to myself what the trouble was. Sometimes I would be so blue that I would be afraid I would kill myself.

When you have suffered as I did you cannot realize what it is to start at every sound. Did you ever have the mere sound of a door give you real physical pain? Of course, I tried doctors. I went to my family physician when I finally got my courage enough to submit to his examination. He failed, of course. Then I tried specialists, and failing to secure relief I sought, I turned to other

remedies and tried, oh, so many of them, growing weaker with the worry and the pain and more hopeless every day, and almost in the shadow of death I lay in bed before me. I saw my children grow away from me, their hearts in things I could not understand. My mind, my looks and friends had no more interest in me. I wanted to be alone. I grew thinner, I would not eat, my eyes shut without knowing why. Then would come remorse and I would wish my hands and feet were cut off. I would not want to work with my suffering women. At last I was told I could not get better, and my mind began to go the way of my poor, sick body, and if I had not found Mrs. Miller, of your marvelous medicine, I know in my heart the asylum and the grave would have claimed me.

Mrs. Miller's home treatment is especially prepared for the aged and the young, and is not confined to any one country, but women from all parts of the world write her and it certainly is pleasant to receive so many letters so full of love and gratitude. All the many kind, grateful and glowing letters are sent to her office. No other person in Indiana receives so much mail as she.

To give an idea of how vast Mrs. Miller's correspondence is, you need only be told that she spends in one year \$25,000.

How would you like to receive so much mail that it would be necessary to use a platform to hold it? This is the way Mrs. Miller of Kokomo, Indiana, receives her mail. She has received over a million letters and she has sent out over a million letters. She has received over a million letters and she has sent out over a million letters.

"It is a greater disgrace to be sick than to be in the penitentiary. To be in the penitentiary means you have broken a man made law. To be sick means you have broken a God made law."

## From the Shadow of the Asylum.

**Thousands Snatched Back From Certain Insanity by Mrs. Miller's Mild Home Treatment.**

"My mind was tottering. I knew I could stand the physical suffering no longer. It was beginning to affect my mind. My memory was so weakened that I could hardly remember one day what had taken place the day before. My friends could not leave me alone for a single instant. Strange thoughts came to me in the night. I would see the faces of the victims hanging open to receive my poor tortured body, and then think heaven I learned of your glorious treatment and now here I am well again, whole in mind and body."

The asylums are filled with patients insane from female troubles. But you know there is a subtle connection between a woman's health and her mind. If the body is sick with the diseases peculiar to women, the mind suffers too. In oh, so many cases it isn't until the brain and while the body may live for a time, the mind dies and the body might as well be dead.

Every woman who reads this who is a sufferer, unable to find relief, should fill in the coupon at the bottom of this page and send it without delay to Mrs. Miller, Kokomo, Ind., and she will send by mail to you a 50-cent box of her simple home remedy, also her book with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home.

Don't suffer another day. Send the coupon now.

DEATH—J. S. wife of Fred S., aged 26 years, at St. Paul's hospital.

DEATH—Catherine H., beloved wife of George H., aged 36 years, at Paducah, Ky., at her late residence.

Notice of hour later.

You do not find the real cause of the terrible suffering of these women who read down the daily death list. Not a single mention made of woman's diseases, yet you must know that out of every three women who die, one at least is a sufferer from female trouble.

Directly or indirectly, female diseases are the cause of death. Will you try to keep up the fight and grin and bear it and go on the road these poor suffering women have gone on? Will you not now and then for yourself, how really easy and simple it is to cure yourself in your own home?

Denver, Colo. (Special Correspondence.)—Miss Marie James, 24 years of age, and one of the most beautiful and gifted young ladies of this city, killed herself this morning with a pistol shot.

Miss James had been suffering for over a year from a bad case of female trouble, and a neglected cold taken last winter. Finally, she was forced to consult her family physician, who made an appointment for her to be examined in a few days. The physician, wishing to make a thorough examination of the case, which was very serious, and which she had been unable to bring herself to undergo the unpleasant and to a sensitive woman always embarrassing examination, finally brooded over the matter until her mind gave way and she took her life.

## Daily Thought.

Give us what Thou seest fit, only  
fit us for what Thou givest.—Rowland  
Williams.

State Senator J. Wheeler Camp-  
bell has been called most everything  
by the Beckham men since the voting  
on United States senator began, but  
it remained for J. P. Wyatt, of Hen-  
ton, to call him a mixed metaphor.  
Mr. Wyatt in an open letter to the  
senator said the senator had been  
considered by the young Democrats  
"the Joshua in command;" until he  
developed into the "Moses of the dis-  
gruntled Democrats," after playing  
the part of a "modern political  
Achilles" and eating "of the crumbs  
that fell from Dives' table."

William Randolph Hearst now, it  
is said, is seeking recognition in sec-  
ond place on the national Democratic  
ticket. Evidently William Randolph  
wishes to start the way Roosevelt did,  
and with the aid of his New York  
paper, which is credited with being  
the chief agency in inspiring the as-  
sassination of President McKinley, he  
ought to be able to carry out his  
white house ambitions via the back  
door.

A strong man to aid the ticket in  
the election, and a safe man to as-  
sume the reins of government should  
the president, die is wanted for vice-  
presidential nominee on the Republi-  
can ticket. A man should be selected  
wholly in accord with the adminis-  
tration. Henry Cabot Lodge, of Massa-  
chusetts, a personal friend of the ad-  
ministration, is a commanding figure  
in the world of letters and statesman-  
ship. Having served four terms in  
the lower house and been senator  
since 1892, he has the qualifications  
of experience. He is 57 years old, in  
the full flower of his faculties. His  
geographical location makes him a  
factor in the contest for the conserva-  
tive eastern element. He is a man  
who would grace the office.

## FIGHT IN THE OPEN.

Whenever a politician, who op-  
poses a certain candidate, declares he  
favors that candidate, but deems it in-  
advisable to instruct the delegation  
for him, one may be reasonably cer-  
tain of two things: First, that pub-  
lic sentiment is for the candidate he  
opposes, and he knows it; and sec-  
ondly, that he wishes an uninstructed  
delegation, so that he may thwart this  
sentiment in the convention. There is  
only one way the sentiment of the  
people can be expressed in a delegate  
convention, and that is through dele-  
gates chosen by them and instructed  
to do their bidding. There are occa-  
sions, the field being open and senti-  
ment not crystallized around any two  
men, when an uninstructed dele-  
gation of representative men, can go  
into a convention, unhampered, and  
work to the interest of their own con-  
stituency. This is particularly ad-  
vantageous, when the delegation has  
a purpose of its own to promote.

But, when there are two candidates  
before a convention and the sentiment  
of a certain section is so overwhelm-  
ingly in favor of one of them, that no  
politician dares to go after delegates,  
openly opposing that one, there is no  
reason for sending an uninstructed  
delegation to the convention, and the  
person suggesting such a thing lays

himself liable to suspicion.  
At such a time the delegation goes  
to the convention to express the will  
of those who send it, and if it ex-  
presses that will, it can do nothing  
but vote for their candidate, instructed  
or uninstructed. If it is the pur-  
pose of the delegates not to express  
that will, the people would do well to  
insist on instructions. If their pur-  
pose is to express that will, the dele-  
gates certainly cannot complain at  
receiving instructions.

The Sun had occasion to go thor-  
oughly over this ground before the  
state convention last summer, when  
the Willson sentiment in McCracken  
county was overwhelming. At that  
time politicians, known to be opposed  
to Mr. Willson, declared themselves  
for him, but suggested that it would  
be had policy to hamper the dele-  
gation with instructions. However, the  
people saw it differently and in-  
structed the delegation. The remainder  
of the First district did likewise, and  
the First district has fared well at Frank-  
fort as the result.

W. J. Deboe, of Crittenden county,  
is known to be for Fairbanks for the  
presidential nomination, just as he  
was against Willson for governor;  
and just as they did before the state  
convention last summer, his workers  
in this county are suggesting that an  
uninstructed delegation be sent to the  
district convention.

That is no way to fight fair. Those  
who are for Taft are for him, and will  
insist on a delegation instructed for  
the secretary of war. Let those who  
are for Fairbanks, come out openly  
and ask for a delegation instructed  
for him. There are only two candi-  
dates before Kentucky Republicans.  
Let it be one or the other, and let the  
rank and file of the party judge when  
it shall be a man, whom the nation-  
al Republican administration fa-  
vors, as the one best fitted to carry  
out those policies, which even the  
Democrats admire, or the one, who  
rests his candidacy in the strength of  
the reactionary influences of the coun-  
try. If McCracken county Republi-  
cans are for Fairbanks and against  
Roosevelt's policies, we are content to  
abide by their decision; but we shall  
not permit a Fairbanks delegation be  
stolen in the name of Taft.

THE BOARD AND THE SUPERIN-  
TENDENT

It has never been the policy of  
The Sun to dictate to public officials  
in matters requiring especial knowl-  
edge. The Sun limits its observations to  
the character of the officials and  
their conduct of office. Where glaring  
fault is plain, The Sun is slow to  
censure; where praise is due, The  
Sun is quick to praise.

The Sun was friendly to Superin-  
tendent Lieb, but The Sun never in-  
sisted on his retention at the head of  
the schools. The Sun, however, did  
insist on some reforms in the school  
board, and got them. The Sun has  
complete confidence in the present  
board. We leave it to the trustees to  
act as they see fit in regard to the  
election of the superintendent for next  
year, assured that whatever action is  
taken will be for the best interest of  
the schools. That we know, too, is  
satisfactory to Supt. J. A. Carnegie.  
As to the superintendent, he came  
here under the most embarrassing  
circumstances, and he has handled the  
situation with consummate tact. In-  
questionably the unfortunate attitude  
of the old board toward his prede-  
cessor produced a condition in the  
schools, that must have called for the  
exercise of all the virtues in the de-  
gree that Superintendent Carnegie  
possesses them, and we believe that  
he has come through his first year,  
enjoying the good will of teachers,  
pupils and patrons.

Lacking intimate, specific knowl-  
edge, we can not advise the board as  
to Professor Carnegie's professional  
achievements in the schools; but we  
do judge from his recommendations  
and executive acts that Professor Car-  
nagey is progressive in his ideas, and  
that he does not consider the result  
of his first year's work the full at-  
tainment of perfection in the Paducah  
public school system. That is well.  
We all know some of the things the  
schools lack, and we believe Professor  
Carnegie is struggling forward as  
best one may, hindered by paucity of  
funds and conditions, over which he  
has no control.

We do not believe that Professor  
Carnegie, even if he were offered a  
better position, would desire to leave  
his work here at the end of the first  
year incomplete, and in justice to him  
it should be said, he has scarce had  
time to introduce his own methods in  
the schools and acquaint the teaching  
force with his policy. He had a  
change in the school board soon after  
assuming his position, and we trust  
that the present board will be kept,  
until it is possible to get a board, re-  
duced to five members elected from  
the city at large.

## FOR CHICAGO HOLDINGS

OF Mutual Reserve Company the Re-  
ceivers Named.

Chicago, Feb. 20.—In compliance  
with an auxiliary petition for receivers  
for the Mutual Reserve Life Insur-  
ance Company of New York, Judge  
Kohlstedt, of the United States cir-  
cuit court, today appointed William  
Hepburn Russell, Archibald C. Haynes  
and Charles E. Rushmore as receivers  
to take charge of the company's Chi-  
cago holdings, they being the recep-  
vers named in the original bill in New  
York.

Some men are so eccentric that  
they even say something when they  
talk.

(Continued from last issue.)

He entered the door without knock-  
ing to find the girl removing her coat.  
Her face gladdened at sight of him,  
but he checked her with quick and  
cautious words, his speech almost  
drowned by the roar outside.

"Are you alone?" She nodded, and  
he slipped the bolt behind him, saying:  
"The marshals are after me. We  
just had a 'run in' at the Northern,  
and I'm on the go. No—nothing seri-  
ous yet, but they want the vigilantes,  
and I must get them word. Will you  
help me?" He rapidly recounted the  
row of the last ten minutes, while she  
nodded her quick understanding.

"You're safe here for a little while,"  
she told him, "for the storm will check  
them. If they should come, there's  
a back door leading out from the  
kitchen and a side entrance yonder.  
In my room you'll find a French win-  
dow. They can't corner you very  
well."

"Slapjack and Tex are out at the  
stationhouse, you know—that quart-  
etain on the mountain above the MI-  
dass. He's a scoundrel. 'Will you lend  
me your s. d. l. horse?' It's a lead  
night, and I may kill him."

"What are these men in town?"  
"I'll warn them first, then hit for the  
hills."  
She shook her head. "You can't do  
it. You can't get out there before day-  
light if you wait to raise those peo-  
ple, and McNamara has probably re-  
alized the names to send a party at-  
to the quartet claim after Tex. He  
knows where the old man is as well as  
you do, and they'll raid him before  
dawn."

"I'm afraid so, but it's all I can ef-  
fer. Will you give me the horse?"  
"No. He's only a pony, and you'd  
founder him in the mud. The mud  
is knee deep. I'll go myself."

"Good heavens, girl, in such a night!  
Why, it's worth your life! Listen to  
it! The crowds will be up and you'll  
have to swim. No, I can't let you."  
"He's a good little horse, and he'll  
take me through." Then coming close  
she continued, "Oh, boy! Can't you  
see that I want to help? Can't  
you see that I'd die for you if it  
would do any good?" He gazed grave-  
ly into her wide blue eyes and said  
awkwardly: "Yes, I know. I'm sorry  
things are as they are—but you  
won't have me lie to you, little wo-  
man!"

"No. You're the only true man I  
ever knew. I guess that's why I love  
you. And I do love you, oh, so much!  
I want to be good and worthy to live  
you too."

She laid her face against his arm and  
caroled him with clinging tenderness  
while the wind yelled loudly about the  
eaves and the windows drummed be-  
neath the rain. His heavy brows knit  
themselves together as she whispered:  
"I love you! I love you! I love  
you!" with such an agony of longing  
in her voice that her soft accents were  
sharply distinguishable above the tur-  
moil. The growing wildness seemed  
a part of the woman's passion, which  
whipped and harried her like a willow  
in a blast.

"Things are fearfully jumbled," he  
said finally. "And this is a bad time  
to talk about them. I wish they might  
be different. No other girl would do  
what you have offered tonight!"

"Then why do you think of that  
woman?" she broke in fiercely. "She's  
bad and false. She betrayed you once;  
she's in the play now; you've told me  
so yourself. Why don't you be a man  
and forget her?"

"I can't," he said simply. "You're  
wrong, though, when you think she's  
bad. I found tonight that she's good  
and brave and honest. The part she

played was played innocently, I'm sure  
of that. In spite of the fact that she'll  
marry McNamara. It was she who  
heard them plotting and risked her  
reputation to warn me."

Cherry's face whitened, while the  
shadowy eagerness that had rested  
there died utterly. "She came into  
that dive alone? She did that?" He  
nodded, at which she stood thinking  
for some time, then continued: "You're  
honest with me, Roy, and I'll be the  
same with you. I'm tired of deceit,  
tired of everything. I tried to make  
you think she was bad, but in my own  
heart I knew differently all the time.  
She came here today and humbled her-  
self to get the truth, humbled herself  
to me, and I sent her away. She sus-  
pected, but she didn't know, and when  
she asked for information I insulted  
her. That's the kind of a creature I  
am. I sent her back to Struve, who  
offered to tell her the whole story."

"What does that renegade want?"  
"Can't you guess?"  
"Why, I'd rather— The young man  
ground his teeth, but Cherry listened.  
"You needn't worry; she won't see  
him again. She hates the ground he  
walks on."

"And yet he's no worse than that  
other scoundrel. Come, girl, we have  
work to do; we must act, and act  
quickly." He gave her his message to  
Dextry, then she went to her room and  
slipped into a riding habit. When she  
came out he asked: "Where is your  
raincoat? You'll be drenched in no  
time."

"I can't ride with it. I'll be thrown,  
anyway, and I don't want to be all  
bound up. Water won't hurt me."  
She thrust her tiny revolver into her  
dress, but he took it and upon examina-  
tion shook his head.

"If you need a gun you'll need a  
good one." He removed the belt from  
his own waist and buckled his Colts  
about her.

"But you," she objected.  
"I'll get another in ten minutes." Then  
as they were leaving, he said:  
"One other request, Cherry. I'll be  
in hiding for a time, and I must get  
word to Miss Chester to keep watch of  
her nurse, for the big fight is on  
at last and the boys will hang him sure  
if they catch him. I owe her this last  
warning. Will you send it to her?"

"I'll do it for your sake, not for her,  
no, no; I don't mean that. I'll do the  
right thing all round. Leave it here  
and I'll see that she gets it tomorrow.  
And, Roy, be careful of yourself."  
Her eyes were starry and in their  
depths lurked neither selfishness nor  
jealousy now, only that mysterious  
glory of a woman who makes sacrifice.

Together they scurried back to the  
stable, and yet, in that short distance,  
she would have been swept from her  
feet had he not seized her. They blew in  
through the barn door, streaming and  
soaked by the blinding sheets that  
drove scythe-like ahead of the wind.  
He struck a light, and the pony  
whinnied at recognition of his mis-  
tress. She stroked the little fellow's  
muzzle while Gleanster clung to her  
saddle. Then when she was at last  
mounted, she leaned forward:

"Will you kiss me once, Roy, for  
the last time?"

## TRIED TO KILL SELF

After Testimony Emotionally Had Perished When Residence Burned.

Paducah, W. Va., Feb. 20.—Mrs. John Angus and her two small children were burned to death in their home at Talcott near this city, last night. The house, it is supposed, caught fire following an explosion of a lamp.

Mr. Angus was at church, several miles away, when the accident occurred. He reached home in time to see the roof fall in, and when he learned that his family was lost he made an effort to commit suicide by jumping into the flames. He was recovered from doing so by neighbors. Portions of the bodies were recovered from the ruins today.

## Not Guilty Verdict.

Mary Le. Kase, Feb. 20.—The title of George Tenneyson, accused of the murder of his father, David Tenneyson, two years ago, ended today by Judge Rhoads instructing the jury to bring in a "not guilty" verdict. The older Tenneyson was shot through the window of his home near Frankfort. No arrest was made until recently when the son was arrested.

## ILLINOIS VOTES

## NOT FOR BARTER

Springfield, Ill., Feb. 20.—When by unanimous vote "Uncle Joe" Cannon was endorsed for the presidency by the Republican state central committee and the same resolutions that lauded the speaker of the national house excluded the administration of President Roosevelt, leaders of all factions declare that it meant merely that "Uncle Joe" will get a "favorite son" vote so long as he is in the running—a program to which they have been committed ever since Cannon entered the race.

It is far from the intention of the state leaders, however, to sanction any attempt to deliver Illinois over to the reactionaries. The committee indicated this attitude by taking no action with a view of recommending how district delegates to the national convention shall be chosen. This matter is left absolutely to the congressional committee, which will be untrammelled with suggestions and demands from the state organization.

## NEED COAL

CHARITY CLUB HAS MANY CALLS FOR FUEL FOR POOR.

Winter Has Been Severe on Them and More Demands Are Made on Club.

This sudden coal snap finds the Charity club with little coal on hand to supply the demand from worthy families, and the funds of the club low. Mr. William Bates, 330 Jefferson street, learned of the low supply of coal of the club, and yesterday afternoon left an order with a coal dealer for 50 bushels subject to the order of the secretary, Jap Toner. Today Mr. Toner used this coal, but where possible used wood.

This winter has been unusually severe, and the work of the Charity club has been greater. Last year as much work was done as has been done from autumn to January 15. Coal used during this winter has been:

Illinois Central ..... 1,100  
Purchased by club ..... 1,300  
Baltimore Brothers ..... 1,200  
Bates ..... 850  
Bates ..... 50

Total ..... 4,450

It was thought that the coal of coal donated by the Elks contained a thousand bushels, but it fell a little short. Only three or four weeks remain that the people will be supplied with coal, and this period can be filled over, Mr. Toner is confident, with a little assistance from the people. At the first of the season the Charity club started with \$700 in funds, and it was thought this, with the donations, would carry the poor through the winter, but business conditions have been such that caused a heavy drain on the club.

## CURIOS FOUND READY BUYERS.

Collection of Late American Minister to China Conger, Sold.

New York, Feb. 20.—Society persons and representatives of museums throughout the United States were spirited bidders today at the auction of a great collection of Chinese curios offered by Mrs. E. H. Conger, widow of the late American minister to China. High prices were obtained for the curios, which came from the imperial palace and the homes of rich mandarins in the fall of Peking.

The collection is regarded as the most wonderful exhibit of its kind ever brought to this country and was purchased by Minister Conger soon after Peking was taken. Some of the curios are centuries old.

The "Imperial Bell," one of the first articles offered for sale, hardly a foot high and less than nine inches in diameter, was bid up to \$560. This highly carved bell, made of brass, hung in the temple of agriculture in Peking. Antique war clubs of brass, welded in defense of long forgotten dynasties, brought \$25 a piece and other curios brought far higher prices.

"All right," he observed; "bring us the Great American Novel, an interesting vandyke show and a fountain pen that won't leak."

The old boy chuckled terribly, but there was nothing for him but to acknowledge gracefully that he was beaten.—Puck.

KEUFF LOSSER LAWSUIT.

Tried to Enjoin Manufacturing of  
Fifed Guns.

Washington, Feb. 20.—Justice  
Conrad, of the supreme court of the  
District of Columbia, today sustained  
the enjoiner of General Crozier,  
chief of ordnance of the United States  
army, and dismissed the suit brought  
against him by the Krupp company,  
of Essen, Germany.

The suit was instituted some time  
ago by the Krupp company to enjoin  
Crozier from manufacturing field  
guns and cartridges for the United  
States army after the so-called "model  
1903 of the American army." It being  
claimed that this model was an  
infringement of patents owned by  
Krupp. The case will be appealed.

Unique Proposition Made By Leslie  
Shaw to Point a Moral in  
Kansas City.

Kansas City, Mo., Feb. 20.—Leslie  
M. Shaw, former secretary of the  
treasury, was the guest of honor and  
principal speaker at the annual ban-  
quet of the Kansas City Bar associa-  
tion at the Midland hotel in this city  
last night. Mr. Shaw, in discussing  
the subject, "The Next Step," said  
that he confessed some apprehension  
as he viewed the trend of the time  
away from the principles of Republi-  
can government and toward pure de-  
mocracy.

"The initiative and referendum is  
becoming more and more popular,"  
he said, "and it demands that every  
question shall be referred to a direct  
vote of the people."

"The American people are abund-  
antly able to choose between great  
underlying principles."

"It seems strange that at a time  
when we are each intensely occupied  
in our own affairs, with little time  
and less disposition to study the de-  
tails of legislation, the press and the  
stump should resound with the de-  
mand that every question, however  
slight and unimportant, shall be re-  
ferred to a direct vote of the people."

Mr. Shaw said he was addressing  
men who belonged to a profession  
more likely to be well informed on  
public questions than any other, yet  
he felt perfectly free to offer to di-  
vide \$1,000 equally among any five  
gentlemen present who could name  
the nine members of the president's  
cabinet. He told of answering a let-  
ter of a public official of a large state,  
who wrote to him recently as "sec-  
retary of the agricultural department,  
Washington, D. C."

He cited this and other instances,  
he said, as illustrations that the Ameri-  
can people do not meditate, do not  
put together the things they read, do  
not analyze, do not study relations.

clubs was held today. The pennant  
of 1907 was formally awarded to Om-

Joseph, Mo., and Kansas City, Kan.,  
added to the league on condition that  
representatives of those cities deposit  
\$2,500 each with the circuit commit-  
tee by February 22.

Ted Sullivan will undertake to  
place a St. Joseph club in the field  
and Louis C. Connors, Kansas City's  
schedule committee consisting of  
Camden, Lebanon and Houtz, will  
report a schedule in the next two

## BIG PARASITES

TAKEN INTO STOMACH WITH  
UNCOOKED FOOD.

Habits Started By Revelations Made  
During Cooper's Notable Visit.

Boston, Feb. 19.—Probably the  
most unusual feature of the excite-  
ment that has been created by L. T.  
Cooper's visit to this city is the re-  
moval of parasites or tapeworms by  
his preparations.

During the early part of Cooper's  
stay in Boston, individuals who were  
taking his "New Discovery," as it is  
called, brought either to himself or  
to physicians throughout the city im-  
mense parasites that had left the sys-  
tem after using the medicine.

Many of these people were fright-  
ened, and cases of this sort become so  
numerous that Cooper finally made  
the following statement for publica-  
tion:

"In every city I visit  
these things are brought to me within  
a few days after my medicine is sold  
in the city. They are what is known  
as the tapeworm, and grow to enor-  
mous size."

"Few, indeed, realize how preva-  
lent these creatures are. I think I  
have been the first to demon-  
strate what a large factor they are in the  
poor health of this generation. I be-  
lieve that fully one-half of the chronic  
stomach trouble that is so universal  
is caused by these parasites."

"Individuals may have them for  
years and not be aware of the reason  
for continued ill health, but attribute  
it to many different diseases, when in  
reality one of these creatures is rob-  
bing them of their vitality."

"These parasites are taken into the  
system in uncooked food or raw meat,  
in the form of an egg, which hatches  
almost immediately. People suffering  
from them experience a feeling of  
lassitude and are extremely nervous.  
The action of the New Discovery  
seems to be fatal to these great worms  
and in most cases a few doses of the  
medicine drives the creatures from  
the system. I will have hundreds of  
them brought to me before I leave  
the city."

This gruesome prophecy has been  
amply verified, for not only hundreds  
but thousands of Boston people have  
been relieved of one of these fearful  
parasites since taking Cooper's prepa-  
rations, and the entire city has been  
aroused by the fact.

Some of these parasites are of such  
enormous size as to startle the imagi-  
nation. The statement of Frank H.  
Cardell, living at 56 Temple street,  
this city, verifies this. His statement,  
among others given to a reporter, was  
as follows:

"For the past five or six years I  
have been a sick man. I was always  
tired and badly run down, with  
scarcely enough strength to climb the  
stairs. I had severe pains in my back  
and was subject to dizzy spells. My  
appetite was variable—ravenous at  
times, then again becoming nauseated  
at the sight of food. Whether I ate  
much or little it seemed to give me  
no strength."

"All this time I was seeking relief,  
having treated with a number of phy-  
sicians as well as trying various  
patent medicines—from neither of  
which I received the slightest ben-  
efit. Then I heard of the Cooper medi-  
cine, and though skeptical of results,  
I decided to give the New Discovery  
a trial."

"Before I had taken all of the first  
bottle I passed a tapeworm 63 feet  
long, and immediately began to notice  
a decided improvement, and continued  
taking the medicine for about a  
month or more. The results were  
most surprising. I am now fully re-  
stored to my old-time health and  
vigor—no more pain, appetite regu-  
lar—strong and well."

"I gratefully appreciate the bene-  
fit I have derived from this wonder-  
ful Cooper preparation, and sincerely  
recommend it to all sufferers who are  
afflicted in like manner as myself. If  
any one will call at my home, or write  
to me, I will be glad to assure them  
of the truthfulness of this statement."

This story of Mr. Cardell is a fair  
example of the experience of an as-  
tonishing number of Boston people,  
and Cooper's preparations are selling  
here in enormous quantities. It is  
now estimated that he has sold one  
hundred thousand bottles to date in  
this city alone, and the sale is still  
increasing.

## Work Better Than Inaction.

After all, depend upon it, it is bet-

Attorneys Filed Him in Jail Awaiting  
Decision in His Case in the  
Supreme Court.

W. B. Smith, the former capitalist,  
who was recently convicted of de-  
frauding a Murphysboro, Ill., bank  
and was sentenced to five years in the  
penitentiary, is occupying a cell in  
the county jail at Murphysboro and  
as yet has not been able to give a  
\$2,000 bond for his release, according  
to information brought to Paducah  
yesterday by attorneys who went to  
Murphysboro to get Smith's deposi-  
tion in a suit pending here. J. S.  
Ball, who was convicted of the same  
charge, has given bond pending an  
appeal of the case, which will not be  
heard by the supreme court of Illinois  
until about March 15.

St. Joseph, Mo.—Scores at Cin-  
cinnati Yesterday.

Cincinnati, Feb. 20.—The North-  
western Bowling association was  
formed by bowlers representing the  
northwest in the tournament here. The  
new association is to be an auxiliary  
to the American Bowling Congress  
and its territory embraces Minnesota,  
Iowa, Kansas, Nebraska, Dakota and  
western Missouri.

The first tournament will be held  
at St. Joseph, Mo., some time next  
month.

The high score of two-men teams  
was 1,229 by Browning and Mattak,  
of St. Louis.

The highest score of individual  
contestants was by George, of Philadel-  
phia, 607.

In the women's doubles Mrs. Weigh-  
dort and Mrs. Vanderlius made the  
highest scores, 635.

Much interest was shown in the so-  
cial match between Dave Woodbury,  
of world's champion Colts, of Chic-  
ago, and Louis France, of Cleveland.  
The match was for five games, but the  
Cleveland man had such a lead that  
Woodbury gave up after the eighth  
game, when the score stood 1,648 to  
1,539 in favor of the Cleveland man.

Other high scores in the individual  
events were: J. W. Lippert, of Chicago,  
670; C. Elger, of Chicago, 616; W.  
H. Davis, of Chicago, 615; C. A.  
Bartholomew, of Peoria, 614; R.  
Kneer, of Peoria, 602.

Other individual scores were: H.  
Kluskins, of Chicago, 616; H. S. Is-  
gel, of Chicago, 638; W. Doesherman,  
of Port Wayne, 637.

The five high scores of the five men  
events were: Metz brothers, of Omaha,  
2,792; McWatts, Dolan company, of  
Cleveland, 2,774; Belmont, No. 1, of  
Louisville, 2,731; Eagle Tea, of Chi-  
cago, 2,725; Cashio, of Dubuque, of  
Iowa, 2,701.

Only one shift of the sixteen five  
men teams bowled last night.  
Metz brothers, of Omaha, Neb., were  
high with a score of 2,792. R. F.  
Matad and L. Browning, of St. Louis,  
made the best scores in the two men  
events, 1,229.

J. W. Lippert, of Chicago, was high  
in the individual events—670.

West Virginia for Taft.

Wheeling, W. Va., Feb. 20.—The  
best indication as to how West Vir-  
ginia will cast her 14 votes at the na-  
tional Republican convention at Chi-  
cago is furnished by a statement  
which Senator Nathan B. Scott is ex-  
pected to issue tomorrow morning.  
Therein he will say that there is a  
strong sentiment throughout the state  
in behalf of the candidacy of the sec-  
retary of war, which undoubtedly will  
be reflected in the convention at Chi-  
cago. He will mention the names of  
Fairbanks and Cannon also as pos-  
sessing support, but not to the extent  
enjoyed by Taft.

The statement is all the more sig-  
nificant because up to this time it  
has been generally understood that  
Scott was a supporter of the vice pres-  
ident.

## CONGRESS PROPOSES TO INVESTIGATE LAND GRANTS BY GOVERNMENT IN OREGON

Millions of Acres Worth Hundreds of Millions of Dollars are Involved.

Washington, Feb. 20.—The fact that the department of justice has made all preparations to begin a suit to enforce the terms of government land grants in the state of Oregon was brought out in the senate today when Senator Fulton, of the committee on judiciary, reported a resolution authorizing the department to bring suits and asked for its immediate adoption. Senator Heyburn asserted that hundreds of millions of dollars would be found to be involved if the proceeding was made general.

The resolution was generally discussed by senators, the only action urged against it being based on the idea that the attorney general was now empowered by law to do all that was sought by the resolution. During the discussion of the resolution, Senator Fulton announced that the department was ready to proceed and merely wanted the authority of congress to meet any possible question that may be raised against the legality of the proceeding.

The resolution also applies to the grant made to aid in the construction of a telegraph line from Portland to Ontario and McMinnville, Oregon, under the act of May 4, 1876. The resolution authorizes the attorney general to ascertain and enforce all the rights existing in favor of the United States if it appears that the lands are forfeited to the United States by the violation of the conditions of these acts.

**Terms of Grants Violated.**  
Senator Fulton said there was no question but that the roads had violated the terms of these grants, as the violation had been admitted before the subcommittee of the committee on judiciary.

Mr. Tillman explained that he had introduced the original resolution in view of what he had learned while on a visit to the Pacific coast. He was satisfied that railroads are withholding from settlement lands worth millions of dollars.

The propriety and necessity of passing such a resolution was questioned by Mr. Foraker.

Mr. Fulton did not personally believe the resolution was necessary, but if the attorney general wanted it he thought it should be passed.

Senator Nelson said the supreme court had decided that the forfeiture of such grants could be enforced either in the courts or by congress.

Senator Heyburn said the same condition referred to in the resolution exists in all land-grant states, although only Oregon is referred to in the resolution. For forty years the railroads, he said, had refused to comply with the terms of these grants.

"This question," he said, "involves millions of acres of land, worth hundreds of millions of dollars."

In reply to a question by Mr. Dixon, Mr. Heyburn said he thought the same limitation existed in the land grant of the Northern Pacific railway. Senators Dixon, Fulton and Nelson did not agree with him in that statement.

### CIVIL SERVICE

Qualifications Not Wanted for Taking of the Census.

Washington, Feb. 20.—For several hours today the house of representatives had under consideration the bill to provide for the thirteenth and subsequent decennial censuses. Mr. Crumpacker, of Indiana, in charge of the measure, explained at length its position to the president's recommendations when he urged the house

to pass the bill without a provision requiring that appointments shall be made through the civil service commission. The great question, he declared, was to get a reliable enumeration, and that, he said, could not be had through men selected after competitive examination. The criticism which had been heaped upon the census bureau employees, he asserted, was not justified. He said, further, that the census force could not be equalled by any bureau of the government.

The bill was laid aside until tomorrow, when it will be considered for amendment.

**Liquor Bills Introduced.**  
Washington, Feb. 20.—Representative Johnson has introduced the following bills of importance to the distilling interests:

A bill to permit distilled spirits to be transferred from the original packages into bottles and cases while in a distillery bonded warehouse.

A bill providing for a vacation for storekeepers, storekeeper-gaugers and gaugers in the internal revenue service.

A bill to fix the proof of spirits bottled in bond. The latter bill provides that whiskey to be bottled in bond must be between 90 and 100 proof.

## CARLISLE COUNTY

DEMOCRATS CENSURE WHEELER CAMPBELL IN RESOLUTIONS.

Beckham Men Express Their "Utter Contempt" for His Course in Senatorial Fight.

Bardwell, Ky., Feb. 20.—At a mass meeting of Beckham Democrats held at Bardwell, Carlisle county, the following resolutions were adopted:

"We, the Democrats of Carlisle county, in mass convention assembled, hereby express our utter contempt for the course adopted by our state senator, J. Wheeler Campbell, in refusing to support the nominee of the Democratic party for United States senator."

"Resolved, That in his continued efforts to defeat said nominee for United States senator, he is thwarting the will of the Democracy of the Second senatorial district, thereby bringing himself into disrepute among Democrats."

"Resolved, That it is the will of the Democratic party of Carlisle county that said J. Wheeler Campbell be urged to resign the office of state senator, provided he cannot vote for J. C. W. Beckham, nominee of the Democratic party of Kentucky for United States senator, thereby carrying out the will of the Democracy as expressed at the polls."

"Resolved, That we repudiate his actions in bolting the direct instructions of his party, and hereby brand him as a traitor to his party and a disorganizer of the rank and file."

River stage 38.2 feet at 7 o'clock this morning, a rise of 1.2 since yesterday morning. The wind yesterday

caused several of the packets to tie up.

The Joe Fowler, the Evansville packet yesterday, did not arrive till 6 o'clock this morning, and left three hours later. The John S. Hopkins is due in from Evansville today and out at 11, but she will not be on time on account of the strong wind yesterday, which caused her to tie up.

A barge loaded with about 11,000 bushels of coal, belonging to the Pittsburg Coal company, came near sinking last night. It was wrecked in the storm yesterday afternoon, the cracks between the heavy timbers on the side were opened letting in the water. The Fannie Wallace and the Margaret pumped water out of the barge all night. They had several siphons at work on the barge. The coal will be taken out today and the necessary repairs made.

The Chattanooga, which was due in from Joppa yesterday morning and due to leave for the upper Tennessee last night, did not arrive from below until this morning and left for Chattanooga this evening.

The Dick Fowler arrived from Cairo last night at 1 o'clock. She was late on account of having a large trip of freight to be taken on and off. She got away on time for Cairo with another big trip.

The Nellie from Metropolis went up the Tennessee after a raft for Metropolis.

The Concor came up from Joppa light last night and returned with a tow.

The Kentucky is due from Ilverton, Ala., early tomorrow morning.

Patrick Joyce, who has been in the Cairo hospital with a spell of the grip, returned today and will resume his work on the Fannie Wallace tomorrow.

Capt. H. Baker returned from Roseville, Miss., yesterday afternoon.

Captain William Ayres, in the Waterways Journal, has this to say regarding federal investigations into industrial cases: "The steamboat inspection service is supposed to be for the benefit of improving conditions on steamships, for the safety of life and property. We do not believe it is intended to work hardships on steamboatmen—especially referring to employees on boats. The clause relating to investigations of officers with violating the law or rule of navigation which provides that the officer being tried must bear the burden of expense of these investigations should be annulled and provisions made by the government for bearing these expenses especially if the government inspectors fail to make a case against the accused. In all ethical cases the accused is innocent until proven guilty by the courts. A case in point was that of Capt. Mark Cole tried at St. Louis for an alleged violation during the president's trip to Memphis. Capt. Cole was discharged without prejudice or even as much as a reprimand, yet that case cost him several hundred dollars for railroad fares and expenses for bringing witnesses from all along the Ohio and Tennessee and Cumberland rivers, who were on the Dick Fowler at the time the offense was supposed to have been committed. He won his case, yet he must lose this money. Capt. Cole is a man who works for wages and can ill afford to be called before inspectors at that rate. This is a rank injustice. The government should pay the expense of the prosecuting witnesses if they lose their case."

Official Forecasts.

The Ohio at Evansville will continue rising for five days, reaching about 41 feet. At Mt. Vernon will continue rising for four days, reaching between 40 and 41 feet. At Paducah and Cairo, will continue rising for a week. The maximum stage at Paducah will be about 41 feet, at Cairo about 46 feet.

The Mississippi, from below St. Louis to Cairo, will continue rising during the next 36 hours.

The Tennessee, at Florence, will continue rising during the next 48 hours. At Riverton and Johnsonville

will rise for two days. The following stages are expected: Florence, 18 feet; Riverton, 28.5 feet; Johnsonville, 27 feet.

The Wabash, at Mt. Carmel, will rise at a decreasing rate for four days.

An electric elevator and additions to the bath house are the improvements that will soon be made at the Illinois Central hospital. Master Mechanic J. H. Nash, of the shops, is chairman of committees to look after each.

Mr. Nash has had the elevator operation in hand for some time and has secured prices from one company, which proposes to put in the elevator for \$1,100. At the regular meeting of the board this week more time was asked before letting the contract, that other companies might bid on the work. Mr. Nash with a committee of two others will take up the question of improving conditions at the bath house immediately and if necessary may install a new boiler and any other improvement necessary. The minutes of the last meeting of the general board were posted in the hospital office yesterday.
